

# Tradesman® K Kerosene Heaters

*Efficient  
kerosene-fueled  
construction heat*

Tradesman  
K70

Tradesman  
K165

Tradesman  
K350

Tradesman  
K600

For those times when gas may not be available or convenient, L.B. White Tradesman K kerosene heaters offer the ultimate in efficient, portable construction heat.

### Versatile & Dependable

With models from 70,000 Btu/h to 600,000 Btu/h, Tradesman K portable heaters offer the range of heat outputs to meet virtually any construction heating need -- from brick and block laying, to concrete freeze protection and worker comfort. For easy and reliable operation, all models feature electronic ignition for sure starts, as well as thermostatic control for automatic operation and consistent temperature management.

- Range of Kerosene Models
  - 70,000 Btu/h
  - 165,000 Btu/h
  - 350,000 Btu/h
  - 600,000 Btu/h
- 250 to 3300 CFM heated air output
- 99.97%+ fuel efficient direct-fired design
- Dependable, solid state electronic ignition
- Standard thermostatic control

In addition, all Tradesman K heaters are certified with Applied Research Laboratories (ARL) and meet or exceed industry standards for quality and safety.

### The Ultimate in Portability

Weighing in at only 32 pounds, the Tradesman K70 features easy carry handles and is one of the lightest kerosene heaters around. And with smooth rolling wheels and convenient wrap around handles,

the K165, K350 and K600 take portability as seriously as heat output.

### Easy Set Up & Operation

Tradesman K heaters arrive ready to use. Plus, they are extremely easy to operate. Simply set the thermostat and go on with your work. The heater will do the rest.

### Rugged & Reliable

Durable components, sturdy design and quality manufacturing add up to reliable performance you can depend on for years of tough, heavy construction use.

### L.B. White... Experience You Can Count On

Recognized as a leader in construction heating for over 50 years, L.B. White offers the technical expertise and knowledgeable customer support you can count on for all your construction heating needs. In addition to Tradesman K kerosene heaters, L.B. White offers a full line of portable gas forced air, convection, circulating and ductable construction heaters and torches.
